

# Quand **ON** sort, Chauffage / climatisation sur **OFF**

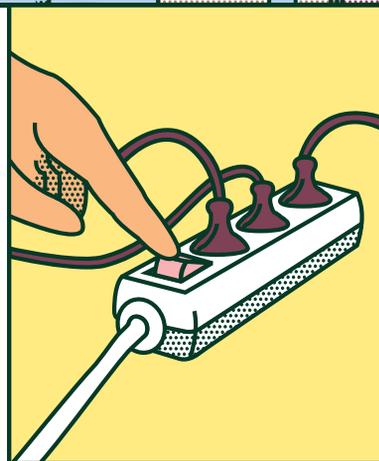

When you're ON the go, turn OFF the climate control.

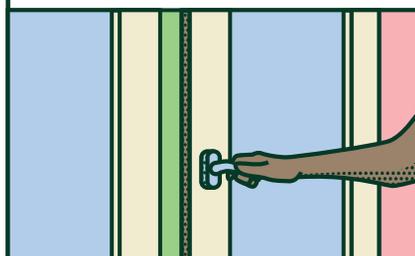

Avant d'aller me coucher,  
**je débranche** mes  
appareils en charge

**J'éteins** la lumière quand  
je quitte une pièce

**Je coupe** les appareils  
électriques en veille

En été, j'aère aux heures  
les plus fraîches
